

La route des Arabesques

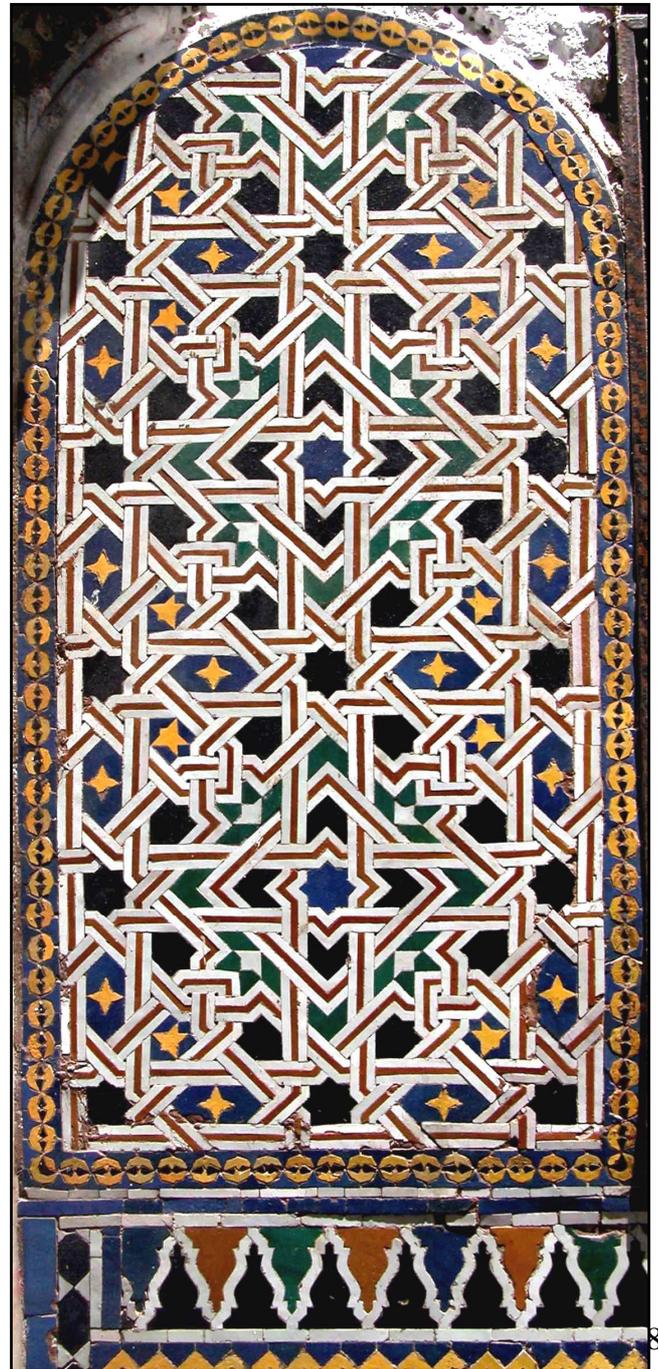

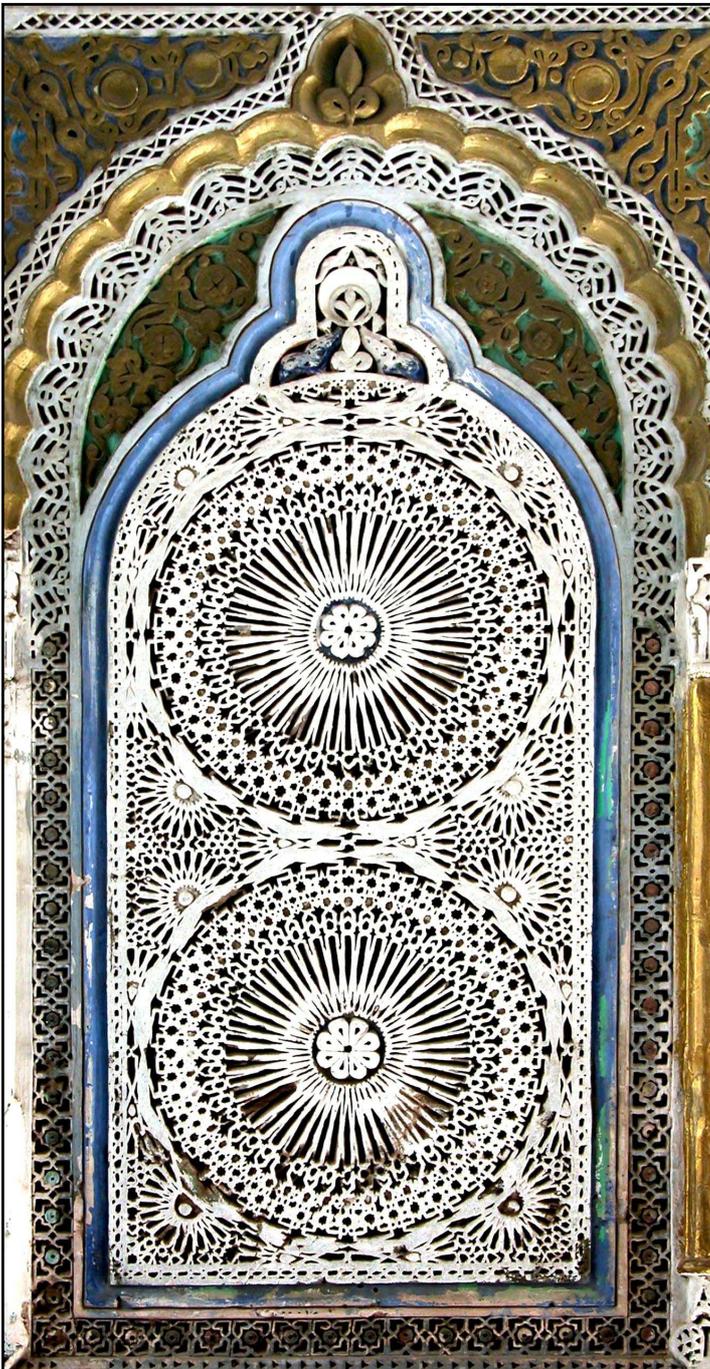

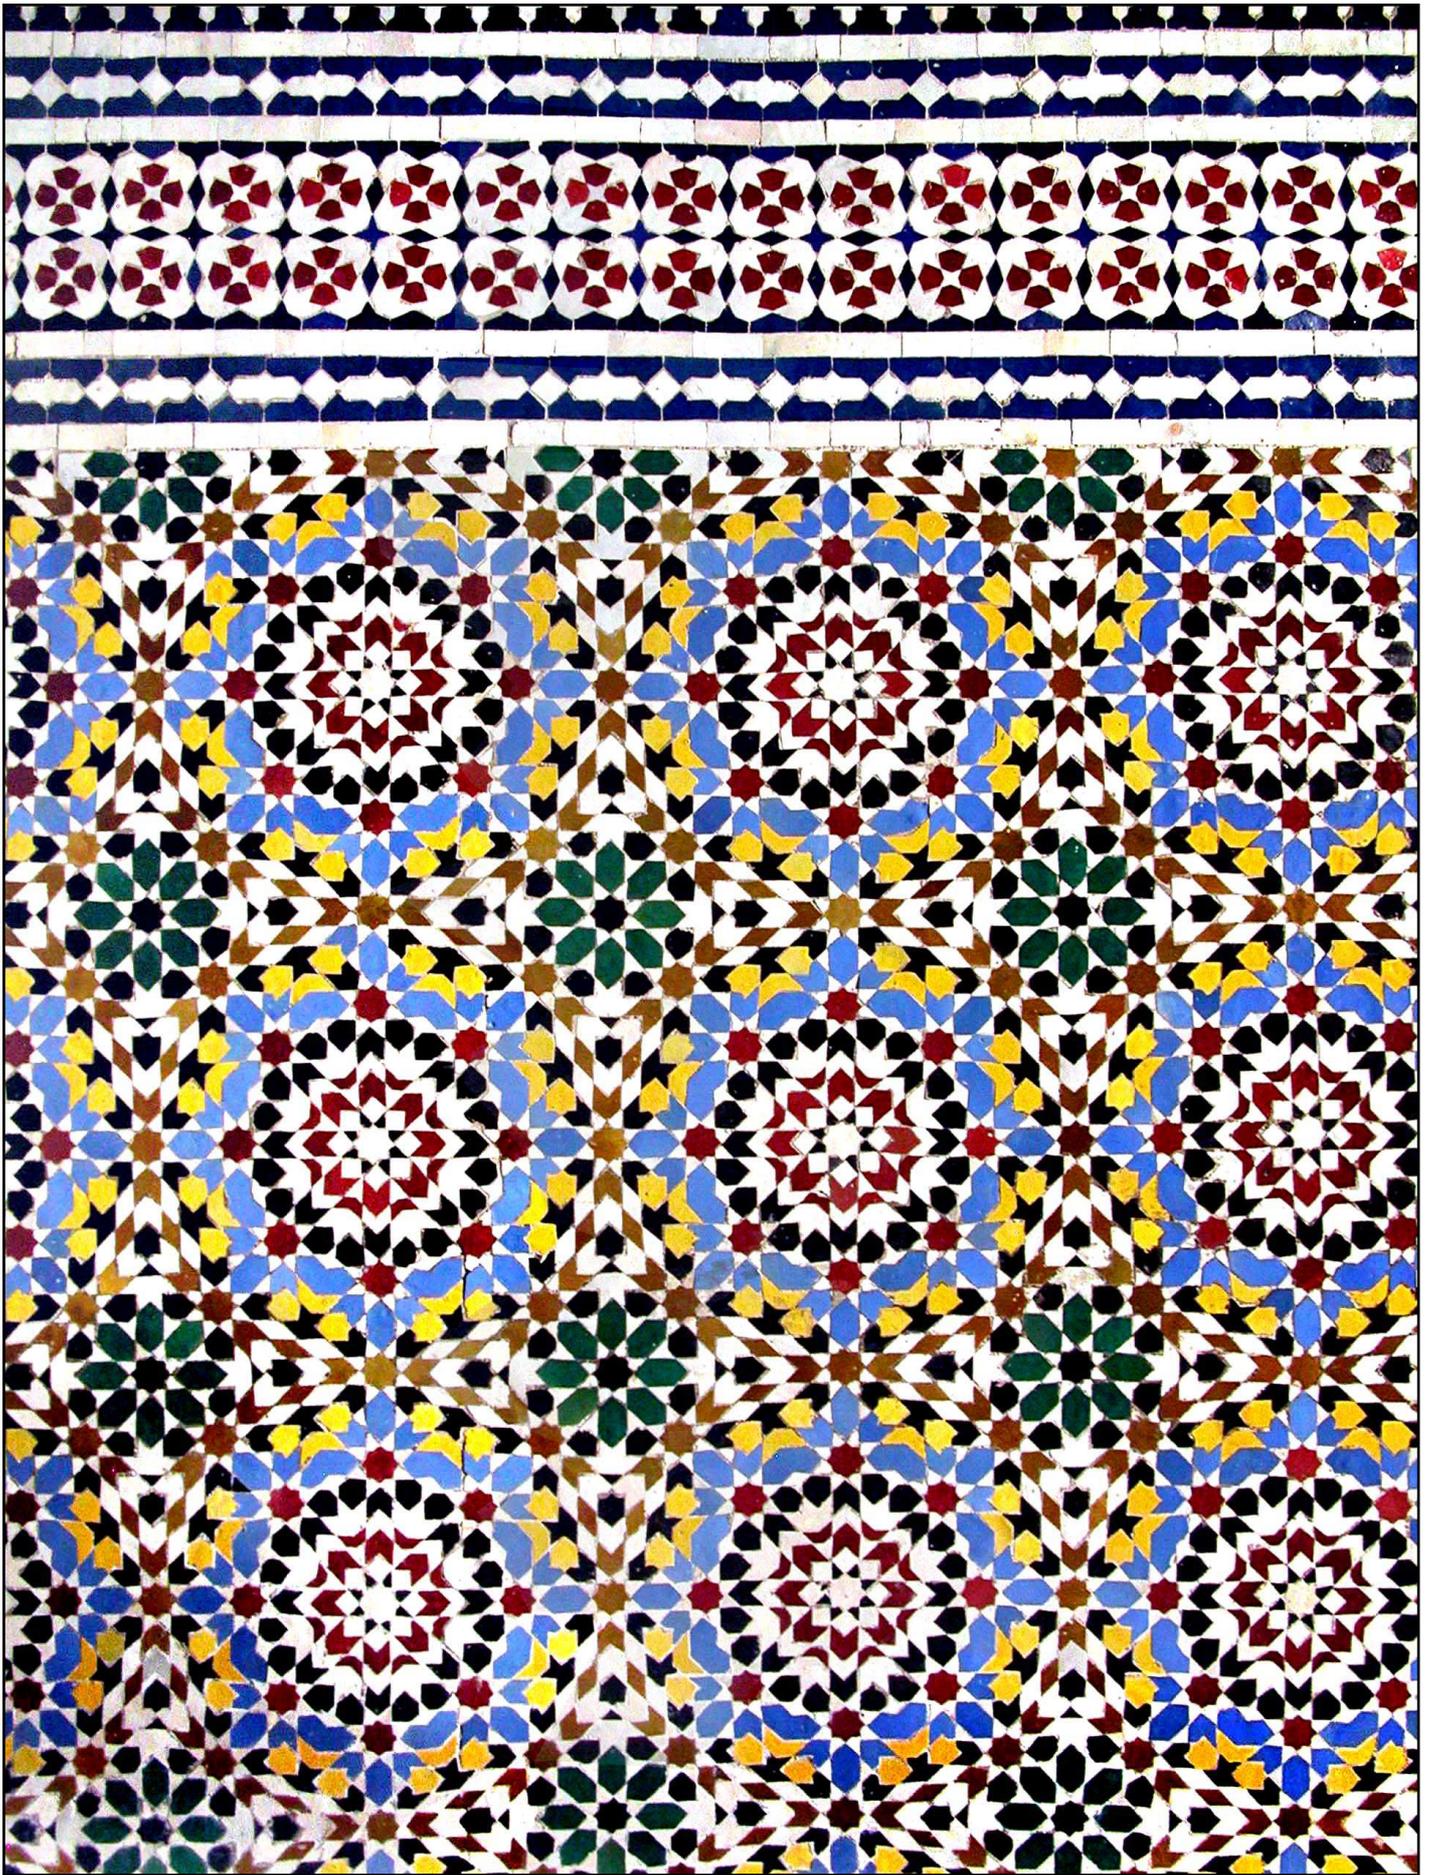

VIII. Fes, cité Impériale : La Zaouïa de Moulay Idriss.

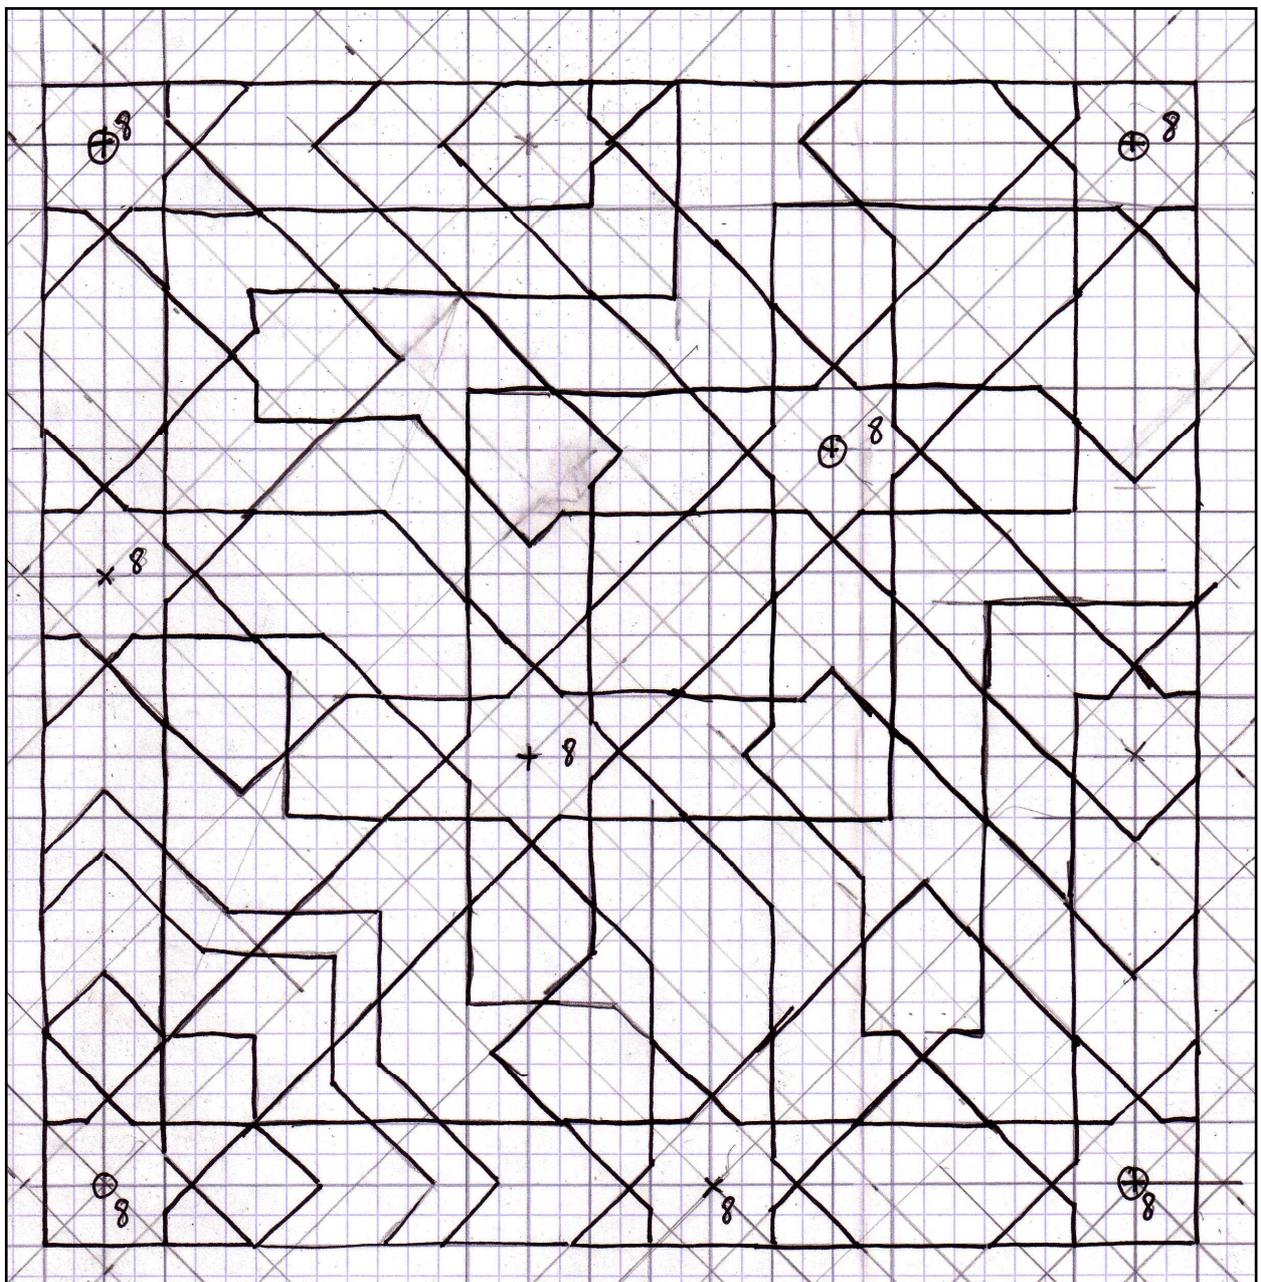

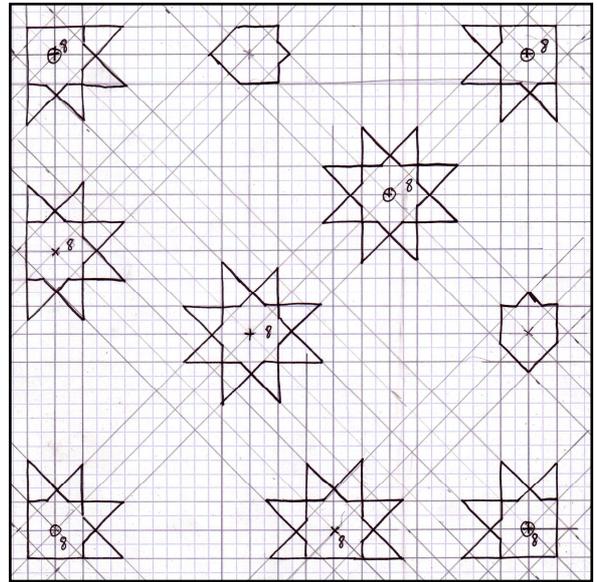

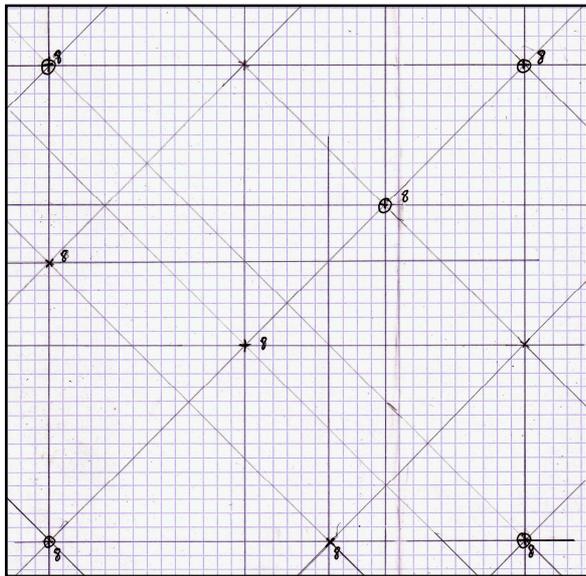

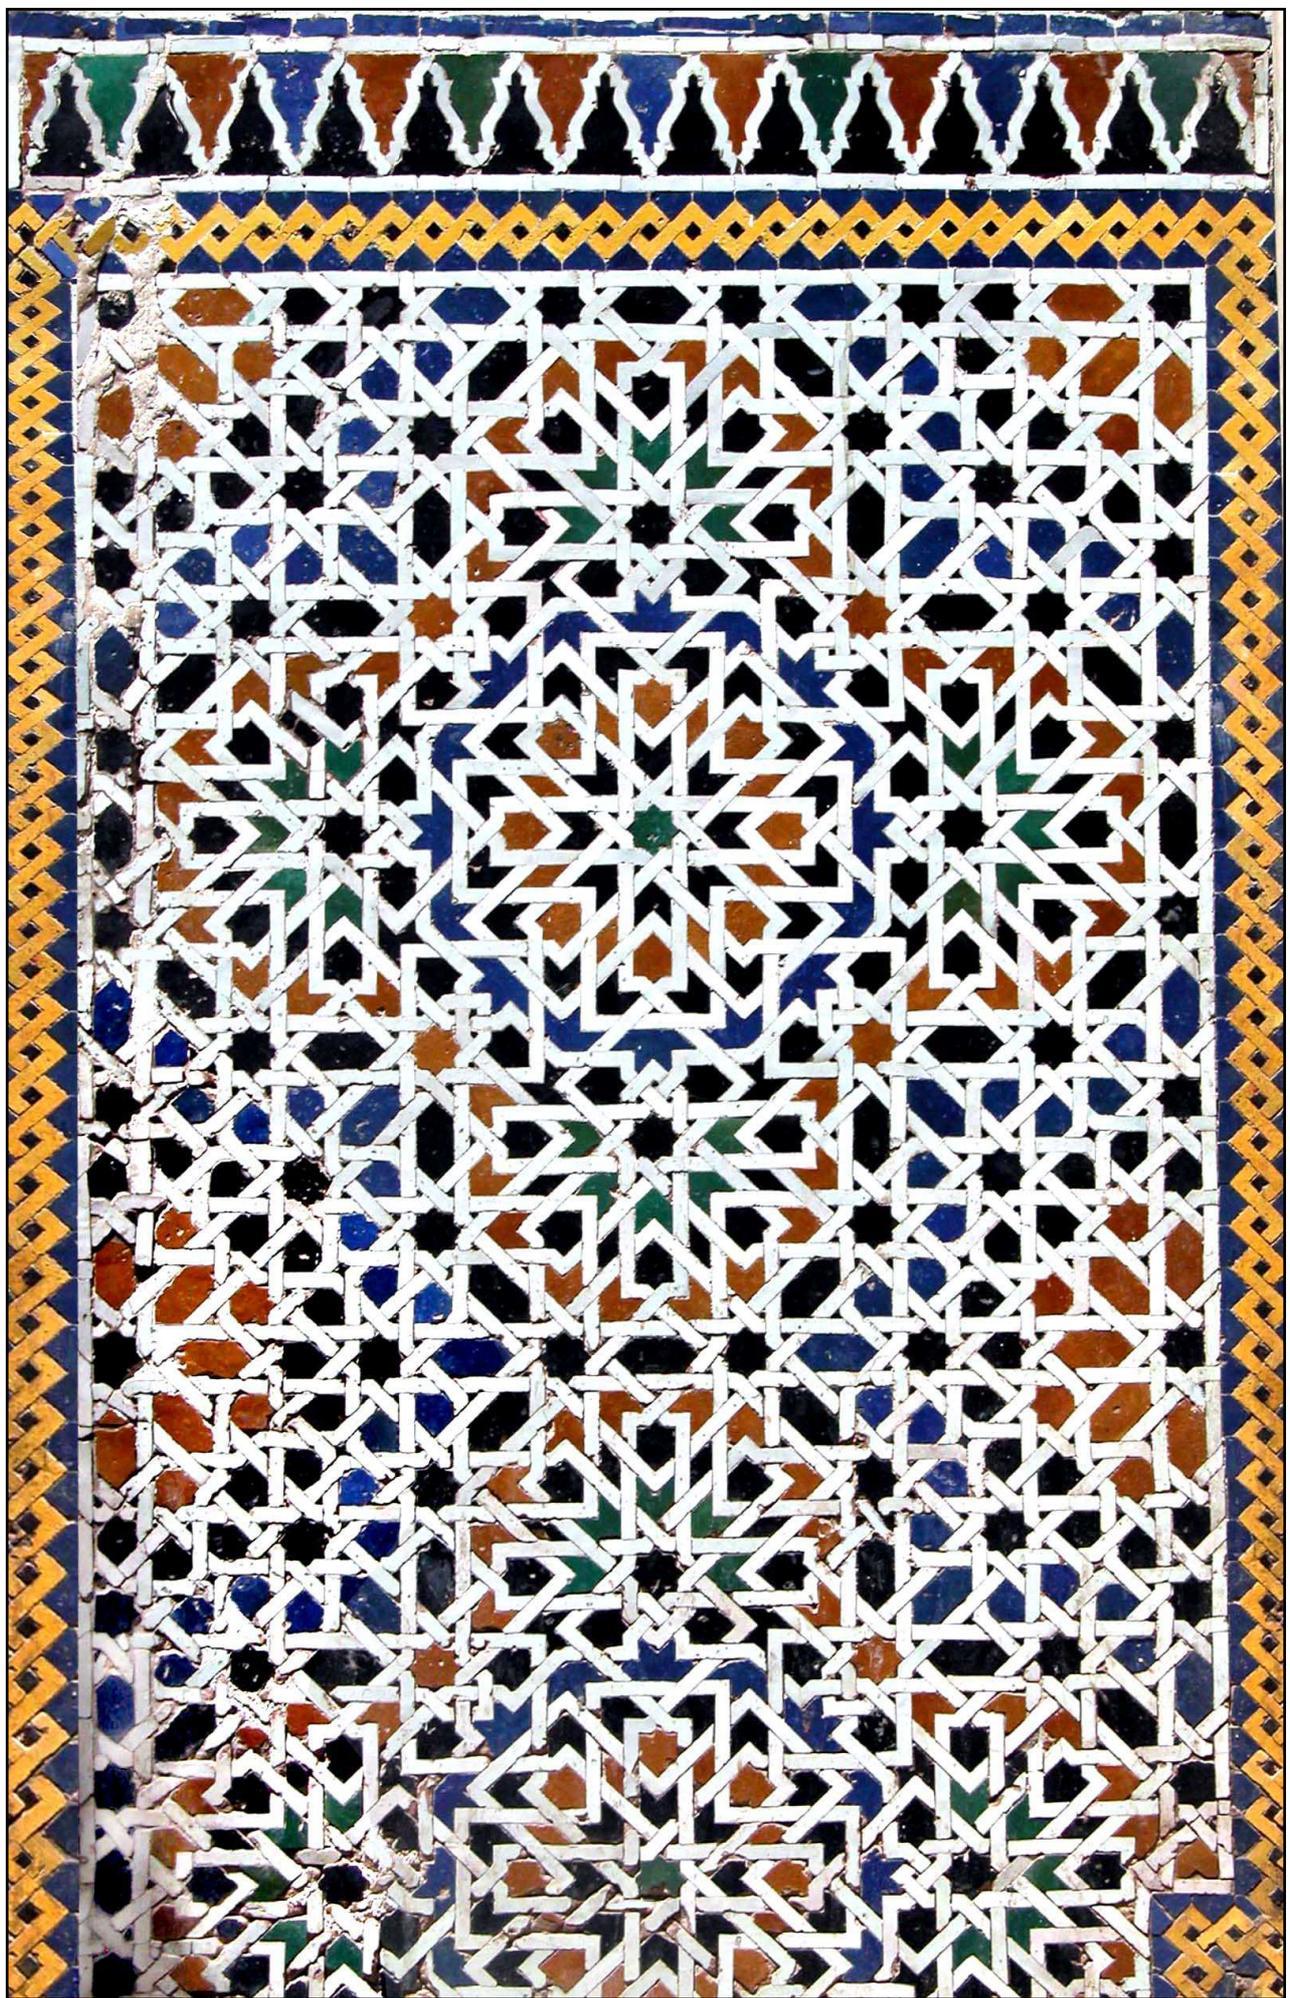

La Zaouïa, première mosquée construite à Fès, abrite le tombeau d'Idriss I, fondateur de la ville.

Entièrement insérée dans l'enchevêtrement des ruelles, elle est le centre de tout le quartier commerçant.

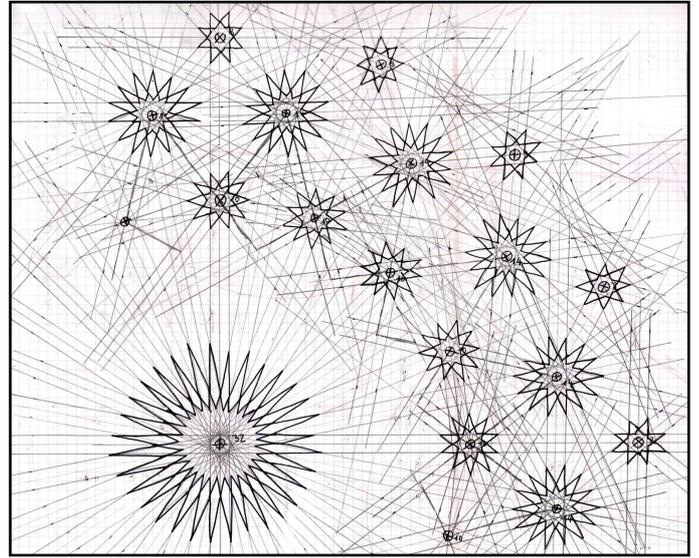

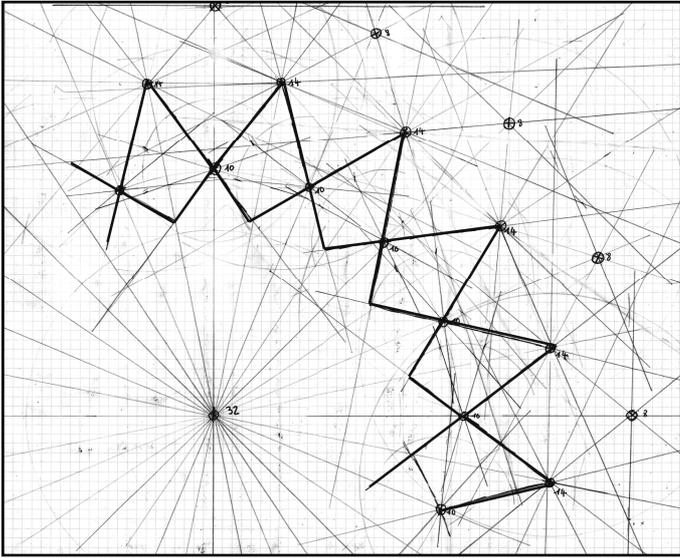

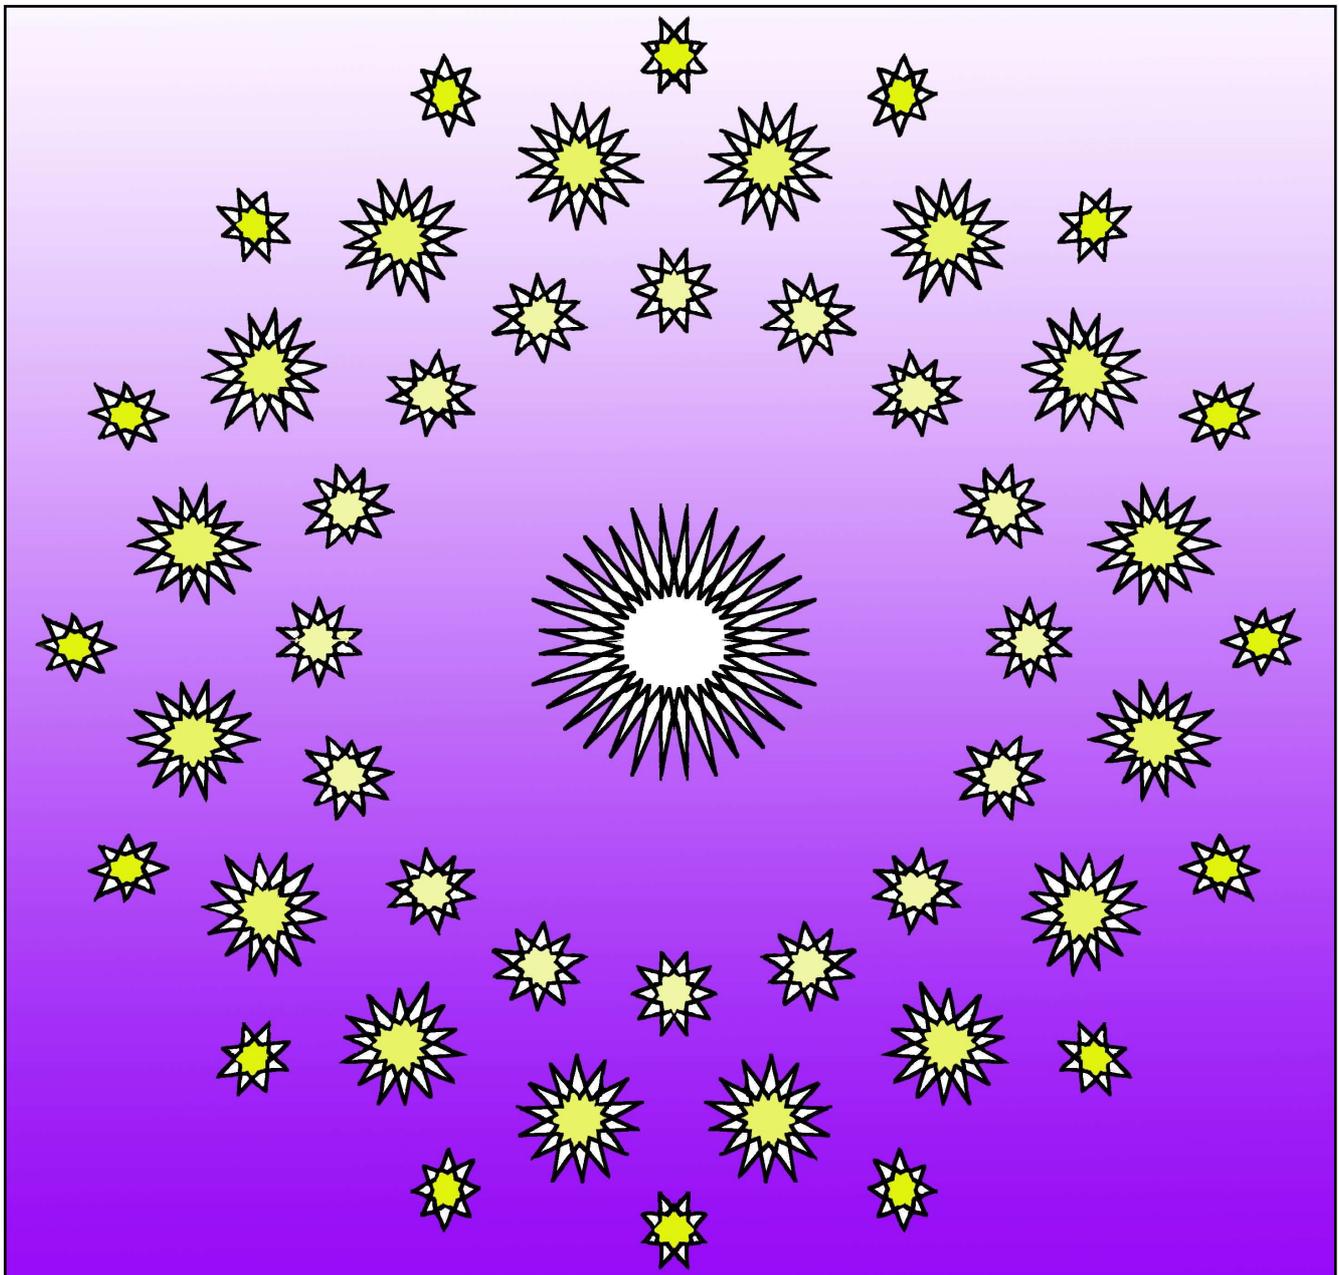

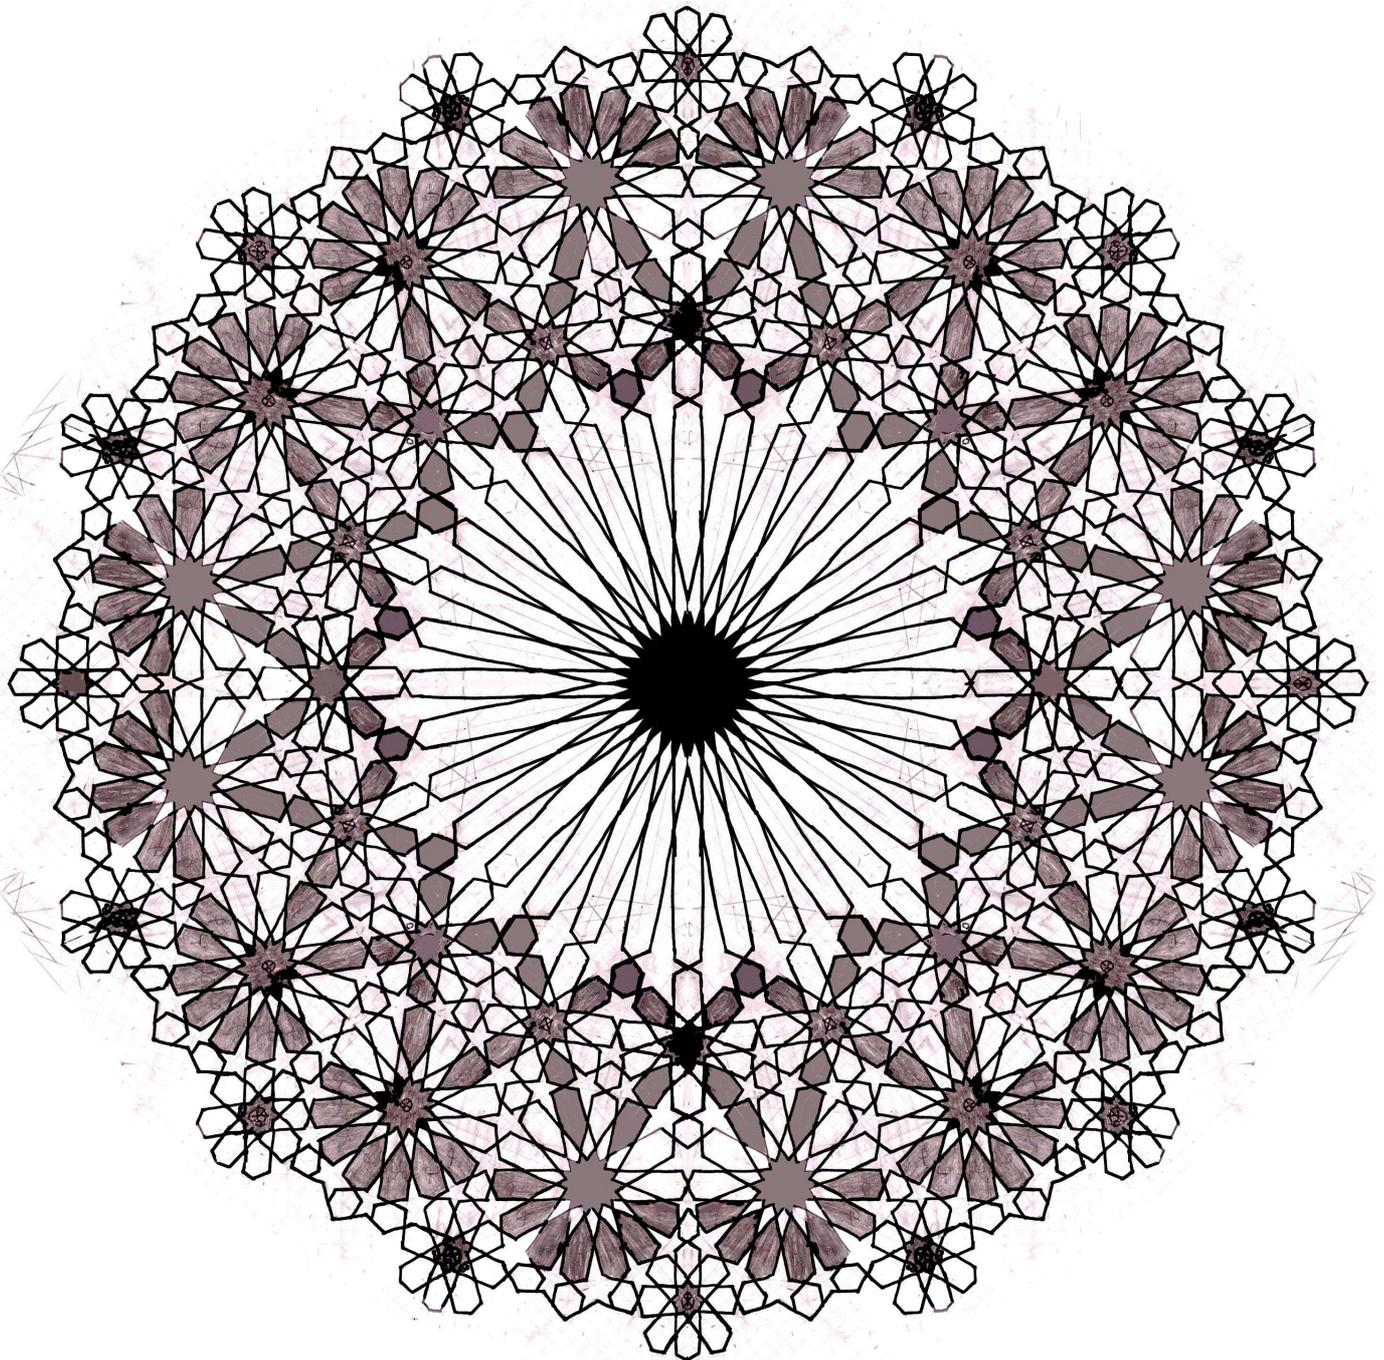

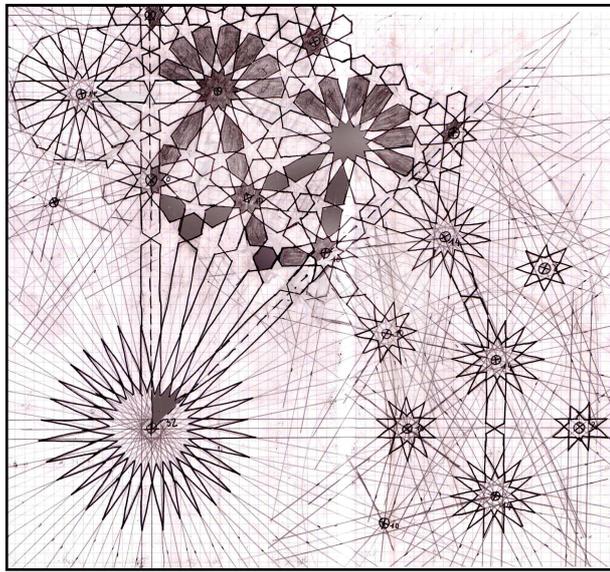

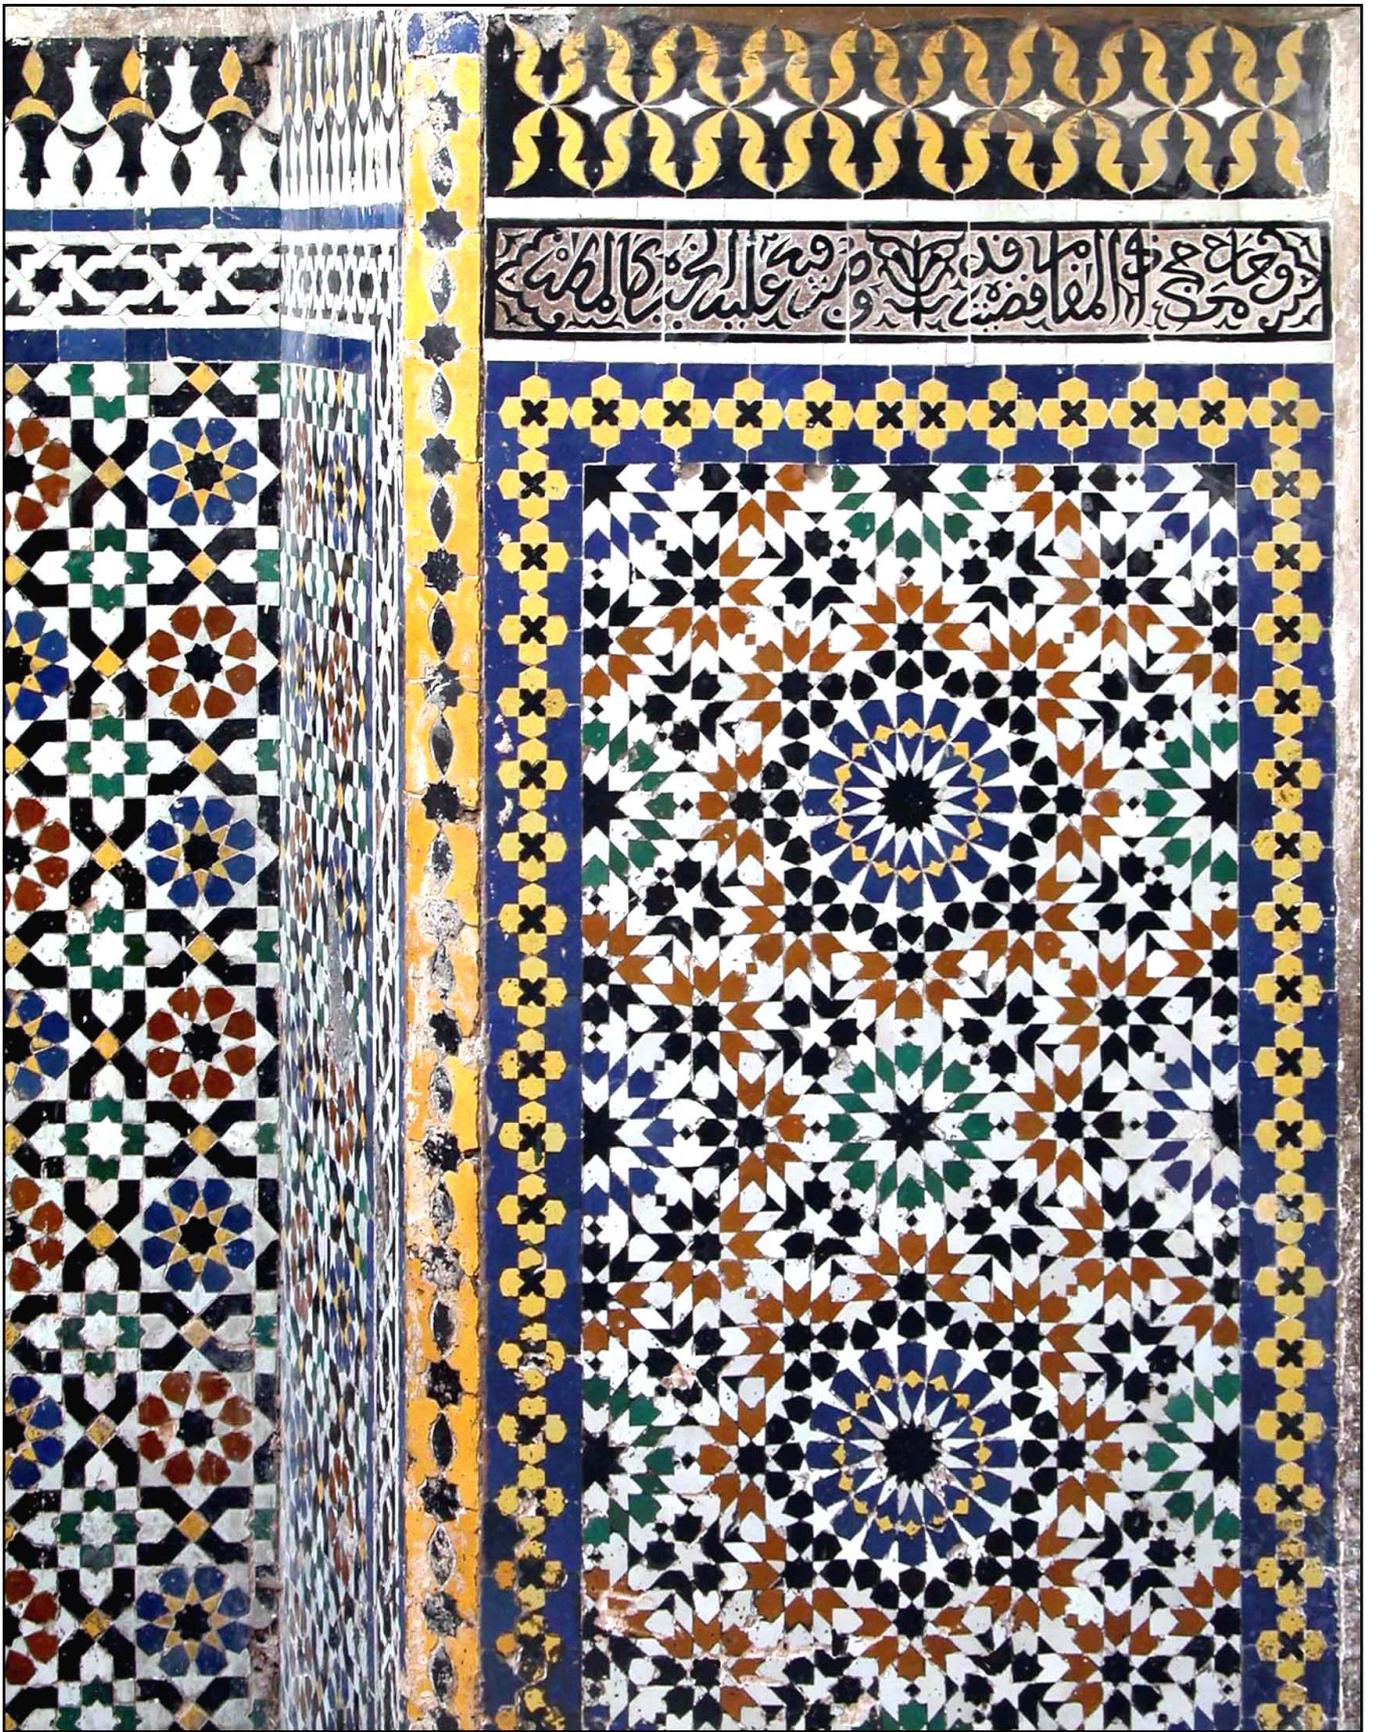

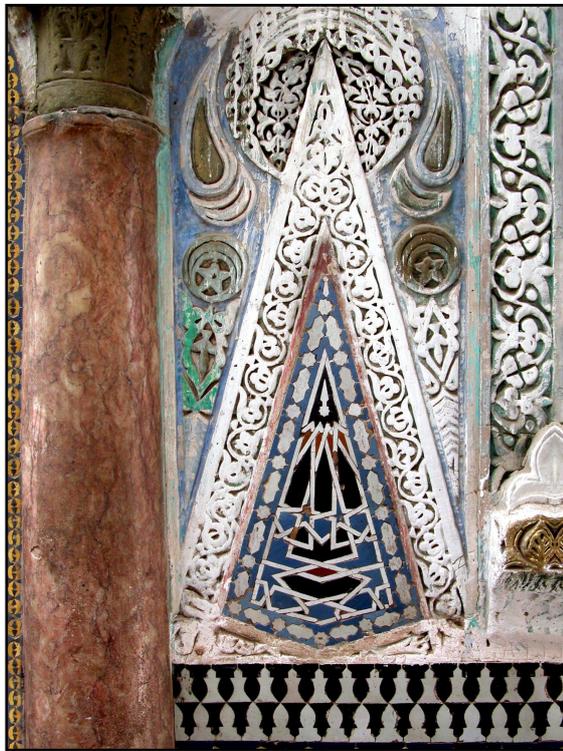

Exemple de système convergent **non modulaire** d'étoiles a 32, 10, 14 et 8.

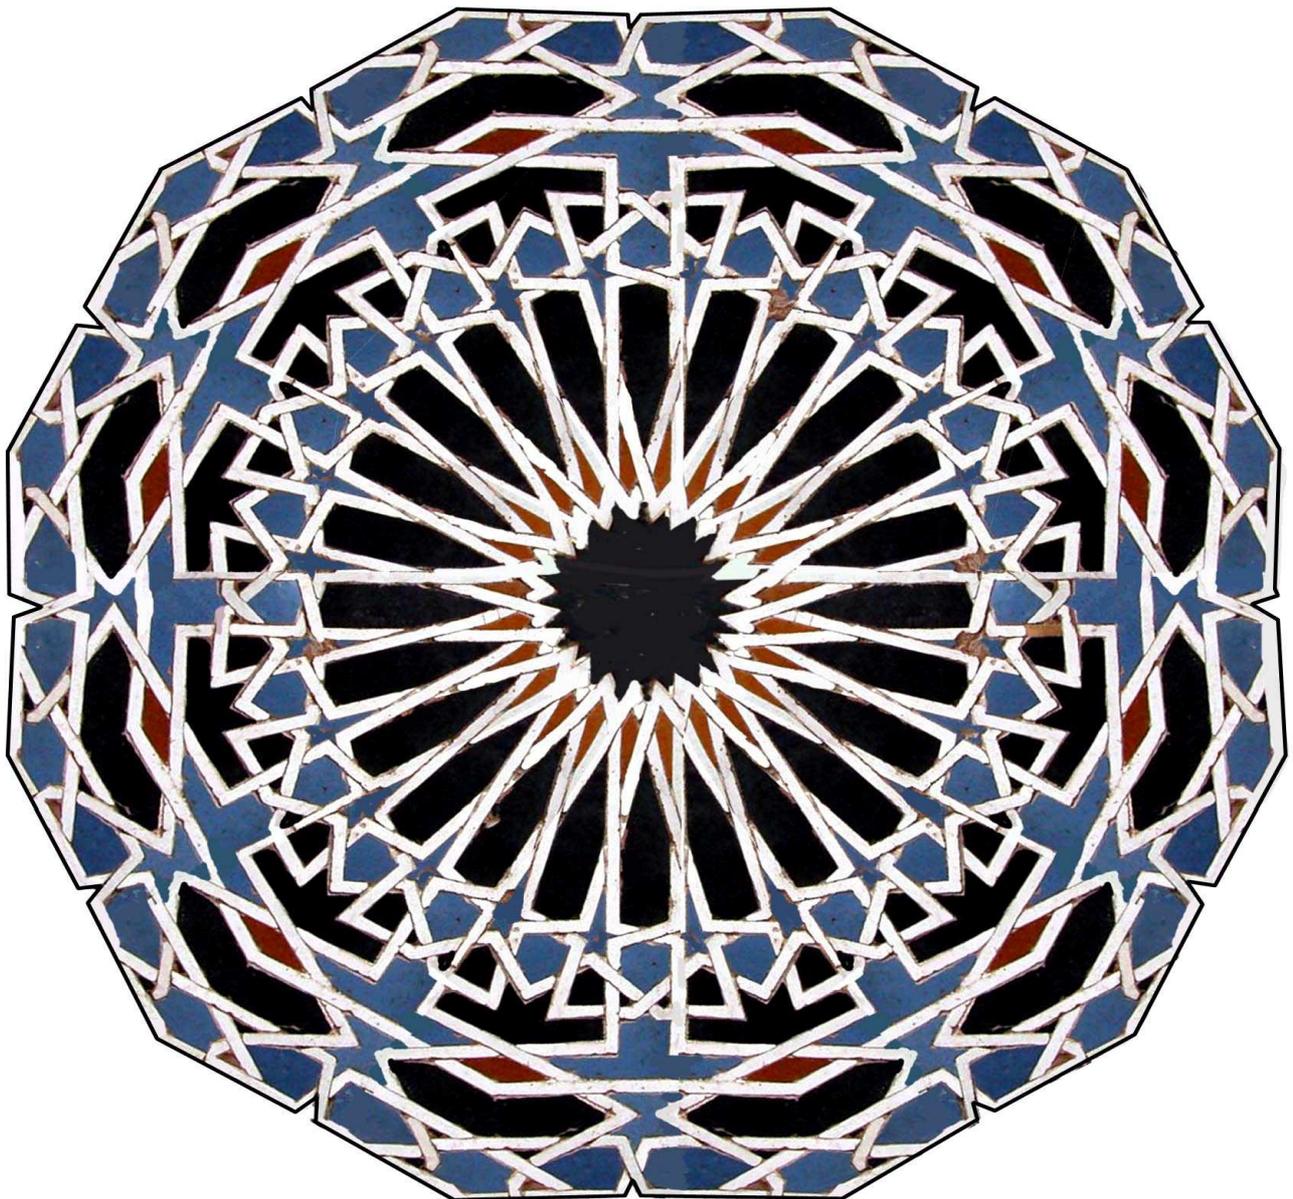

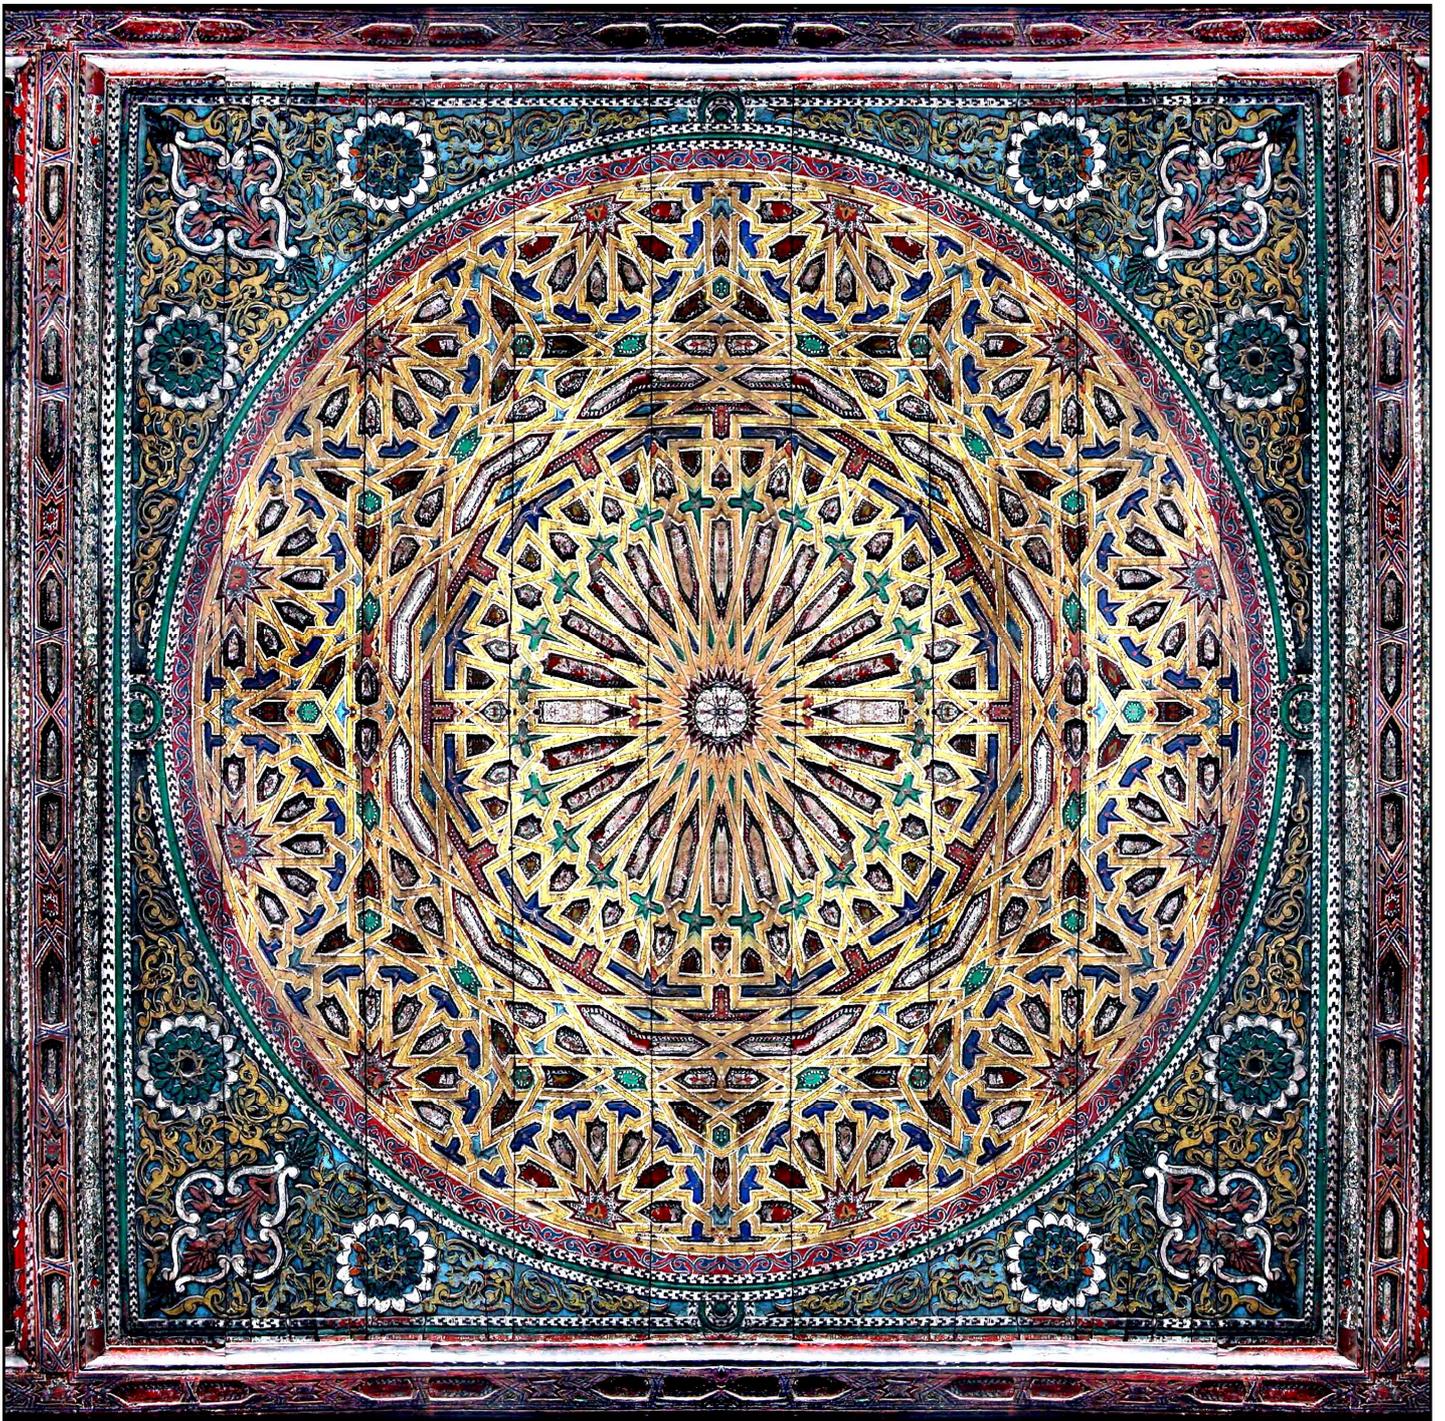

Systeme convergent reconstitué à partir du fragment du haut.

Système convergent non modulaire.
